Disenfranchisement after the Reconstruction era in the United States of America, especially in Southern states, was based on a series of laws, new constitutions, and practices in the South that were deliberately used to prevent black citizens from registering to vote and voting. These measures were enacted by the former Confederate states at the turn of the 20th century.

Disenfranchisement after the Reconstruction era - Wikipedia

African Americans (also referred to as Black Americans or Afro-Americans) are an ethnic group of Americans with total or partial ancestry from any of the black racial groups of Africa. The term African American generally denotes descendants of enslaved black people who are from the United States, while some recent black immigrants or their children may also come to identify as African-American ...

African Americans - Wikipedia

Although black America has switched parties, we have carried Frederick Douglass's 1870 rules of engagement with the US political and electoral process with us into the 21 st century, picking one of the two establishment political parties, and investing all of our energy, votes and political capital there, regardless of whether the result.

The contradiction between the Black masses in the United States and the U.S. ruling circles is a class contradiction. Only by overthrowing the reactionary rule of the U.S. monopoly capitalist class and destroying the colonialist and imperialist system can the Black people in the United States win complete emancipation.

Let's face it, the US left is a long way right now from contending for power. One of many useful questions asked at last week's Left Forum in NYC invited some of us to speculate on what an authentic 21st century US left might look like. Here's what I came up with. 1. An authentic left must be independent of Republicans and Democrats.

What Would An Authentic 21st Century US Left Look Like ...

If Black men are hard to recover, Black women are even more so because there is so little evidence about the lives of the majority of them before the 20th century. Because of the problems of identifying Black people in records before the 20th century, the majority of academic studies of Black people in Britain have concentrated on the handful of noteworthy, and therefore exceptional, people ...

"Black Like Me" follows author John Howard Griffin, a Texas-born journalist, as he explores the very face of racism and prejudice in the Deep South in 1960s...in blackface. Far from a punchline, it's the ethnographic method Griffin uses to infiltrate black neighborhoods that would be otherwise socially locked to him and elicit bigotry without guardedness and gentility from whites.
