Buick LaCrosse Questions - Shifter stuck in park ...

The shift lock control feature was intended to prevent drivers from shifting out of Park with the vehicle running without the brakes applied. However, if the ignition switch is in the Accessory (ACC) position, it may be possible on some vehicles to move the shift lever out of Park WITHOUT first activating the brake.

stuck in park - 2006 Buick Lucerne

The shift lock is usually at the base of the shift knob. You usually have to unscrew the knob and remove all the plastic covers. But note that the solenoid may be okay, it could be that the signals it needs to operate are not arriving. Check that your brake lights go on when you press the brake pedal, no lights means no shift release.
