## **Exit Voice And Loyalty Responses**

Exit, Voice, and Loyalty (1970) is a treatise written by Albert O. Hirschman (1915–2012). The work hinges on a conceptual ultimatum that confronts consumers in the face of deteriorating quality of goods: either exit or voice. The book has been described as influential. The framework presented in the book has been applied to topics such as protest movements, migration, political parties, and ...

An exit interview, or exit survey, taken at the end of an employee's time with you is the best way to find out why people leave your organization. You can identify trends, learn from them, and take action to reduce attrition, such as more robust hiring strategies or improvements to your company culture and management styles.

The Net Promoter System is a management philosophy, a way of running a business that focuses on earning the passionate loyalty of both customers and employees. Loyal, passionate customers stay longer, spend more, contribute suggestions and sing your company's praises to friends and colleagues. That's why loyalty correlates so strongly with sustainable, profitable organic growth.
