Global Mind Change: The New Age... book by Willis Harman

Right now we are living through one of the most fundamental shifts in histroy—a change in the actual belief structure of Western industrial society. Global Mind Change, first published in 1988, connects every major field of human endeavor in its exploration of the possibilities for social transformation through internal change. Harman, whose career spanned both the technical (electrical engineering) and psychological sciences, examines the role of consciousness in five areas:

Global Mind Change | Library

It showed that when people change their mind about something, reality obliges. And today, with the climate crisis facing us we need this positive group mentality more than ever. Why? Because there is a global apathy crippling people today, numbing them into believing they are helpless in the face of such a monumental scale. This is extremely ...

"Global Mind Change" is the title of a book by Willis Harmanbut also a fitting description of a gradually manifesting phenomenon which some authors view as the spontaneous evolution of the human psyche. Others interpret it as a survival instinct-induced reaction to the conditions mankind created.

Global Mind Change - ScytheConnection

A global mind in my opinion has to do with a persons worldview of how the world is interconnected now and what that means in regard to culture convergence and accessibility. It is a way of life and mindset and not merely one's background even though that plays a part in shaping one's worldview. 20 Jan 2018 | Moscow.
