Hello, Thanks for reaching out. With that code, it could be one of two problems: Starving TXV Single Evaporator or Low On Charge. What that means is either the unit may have a refrigerant leak, which would have to be repaired and the system recharged with refrigerant, or the TXV (thermostatic expansion valve, a.k.a metering device) has failed and will need replacing.

A Quick Guide to Manitowoc Error Codes - Easy Ice

To troubleshoot your ice maker, you need to understand how it works. In simple terms, ice makers use an electric motor and a dedicated water line (or water basin) to freeze water into various ice shapes, such as cubes or little nuggets. Once the ice is formed, the motor pushes the cubes out into a collection bin for your use.

Nemco Parts & Manuals | Parts Town

Admittedly, anyone spending this much on an ice maker better enjoy soft ice or have reasons why this would be their ideal unit. My family previously had a KitchenAid model which constantly ran and made noise (different way ice production is made with those units) and elderly parents purchased a Hoshizaki unit.
