Martin Luther, the dominant leader of the Reformation in Germany, initially took a middle course in the Peasants' War, by criticizing both the injustices imposed on the peasants, and the rashness of the peasants in fighting back.He also tended to support the centralization and urbanization of the economy. This position alienated the lesser nobles, but shored up his position with the burghers.

Although things weren't ideal after the Reformation, for the first time in over a thousand years the general populace was reading the Scriptures. By the early 1600s, one hundred years after the Reformation was initiated, there were various branches of European Christendom that followed national lines. For instance, Germans followed Martin Luther.
