The Concept of Transcendence in Charles Taylor's Later Work

Transcendence as transformation is the centerpiece of Taylor's hope for the moral and spiritual health of the late modern West, a civilization that he argues is struggling to maintain its commitment to a number of demanding universal moral standards in the face of dwindling resources for articulating continued affirmation or practical commitment.

"Transcendence and Transformation: Charles Taylor and the ...

But, as Charles Taylor has pointed out, "authenticity" is a highly ambiguous word in contemporary parlance. McCarthy therefore uses Lonergan's way of clarifying the meaning of authenticity in terms of self-transcendence. At its most primordial level, self-transcendence is the ubiquitous phenomenon of questioning.

Authenticity as Self-Transcendence: The Enduring Insights ...

The result of Taylor's historical reconstruction gives the religious frame of reference a complexity and endurance often denied it by some theorists of modernity.¹ And yet Taylor's gauntlet is not one of religiosity as such, but of the absence of what he terms transcendence, that is, another dimension of experience that has been circumscribed by the condition of modern solipsism.

In search of transcendence: Charles Taylor's critique of ...

Digging in the DustLink. Taylor (via Smith) says that a new resolution was popularized in the mid-twentieth century. Another way to get past the tension of transcendence and immanence, if not raising the bar of immanence, is to just get rid of transcendence altogether.

The Sin in Our Cynicism | Desiring God

Taylor also advances the controversial view that (3) there is an ineradicable draw to

`transcendence' in human life in connection to the quest for the meaning of life. Here he opposes certain mainstream theories of secularization that see it as a process involving the ineluctable fading away of the relevance of religion.

"Re-Enchanting The World: An Examination Of Ethics ...

The easiest to grasp, partly because Taylor has so wonderfully articulated it, is the notion of transcendence built into the idea of self-transformation. We can, as he put it in *Sources of the Self*, want to have better wants. In this phrase he captures both remaking the self and the importance of a notion of higher good.
