**Business with Program
Management ...**

Program management of a transformation initiative requires leadership over the six dimensions of the program—strategy, people, process, technology, structure, and measurement. The program charter, scope, approach, and company structure will govern how the integrated program plan is structured to address all of these six dimensions.

Transforming Business with Program Management

Program management is the alignment and integration of multiple dimensions (strategy, people, process, technology, structure, and measurement) to execute organization transformation strategies, deliver the transformed future state, and achieve the desired business outcomes.
