Product Overview Advanced DECT 6.0 technology operates on the 1.9GHz frequency band. Uniden DECT incorporated unique "listen before transmit" technology that avoids interference with many household products, such as baby monitors, microwaves and WiFi. As a result, these phones offer enhanced voice clarity and crista

### DECT 6.0 Cordless Digital Answering System with ... - Uniden

1) Call your telephone number and wait for the system to answer. If the answering system is off, it will answer after about 10 rings and sounds a series of beeps. 2) During the greeting message (or the series of beeps when the answering system is off), press 0 and enter your PIN code within 2 seconds.

### Answering Machine - Uniden America Corporation

4) Place the battery case cover back on the handset by sliding it upwards until it clicks into place. 5) Place one handset in the base unit and one handset in the charging cradle for 15-20 hours without interruption. The base or charging cradle unit's LED light (labeled charge/in use or charge) illuminates once the handset is placed in the base or charging cradle.
